

### Green Exhibitor Highlights

We welcome green exhibitors an opportunity to showcase their wares and introduce unique environmentally friendly concepts at the Wheaton Franciscan hosted Earth Summit on Oct. 11, 2008. With a focus on climate change, we invite exhibitors to promote awareness of the issues that concern you, practical suggestions and a chance to celebrate your environmental accomplishments.

The rate for the daylong event on the 60-acre campus of the Wheaton Franciscans is \$100 for-profit companies. There is no charge for nonprofit organizations looking to promote their support of the green movement.

All exhibits will be protected from the elements and will be situated inside the Our Lady of the Angels Motherhouse on the campus of the Wheaton Franciscans. . There is a limited amount of 8-foot tables available; the overwhelming majority of tables available for exhibitors are 6-foot long. Chairs will be provided. Please feel free to distribute handouts on your firm's practices that favor ecological solutions.
